

Discover Law

Brunel University London's on-campus pathway provider provides a foundation year in Law for students who may not qualify for direct entry to a degree programme and seek a supportive learning environment.

Study Law at Brunel

Brunel University London is one of just a few law schools to have invested in a full moot court complete with judge's bench, seating for counsel and court clerks, a gallery for up to 50 other participants, a deliberation room for judges and full audio-visual facilities. As well as helping students hone their skills in court, these facilities are used by our student-led Brunel Law Society for mooting and debating, which we hope you'll get involved with.

We are rightly renowned for world-class research, and our students are our torch-bearers. It's our mission for you to leave with a lifelong passion for the law and understanding how it relates to the wider society. Many of our students are involved in enriching and improving the lives of others through opportunities such as volunteering (for example, in Greece with our Athens Refugee Project).

Brunel Law School is a diverse and vibrant community where you will be supported in your studies and encouraged to develop your skills for your future career.

Careers and your future

Our high quality placements will give you first-hand professional legal experience and a real taste of what life after your studies could be like. You'll benefit from the guidance of dedicated careers advisers so whether you want to explore your passion for law or already have your dream job in mind, we'll support you on your career journey.

Our strong links with industry will help you to boost your career potential. Brunel is one of the few UK universities on the Blake Morgan Brand Ambassador Scheme – offering great work experience opportunities, mentoring programmes and giving you great exposure to the graduate recruitment team of a leading law firm.

The Brunel Law School has strong industry links, allowing us to offer placements in a variety of legal environments to strengthen your learning and professional experience.

With our own law careers advisers, we will help you to work on your future career from day one. As a Brunel Law School student, you will have access to many workshops and masterclasses to gain the knowledge you need to make your first step after you graduate.
